

EARLY CHILDHOOD EDUCATION AND CARE CUSTOMER FEE FORM, COMMENCEMENT

This form is used by the custodian to provide the information necessary for the determination of the early childhood education and care customer fee.

The form must be filled in as soon as possible, but no later than one month after the start of care. Municipal early childhood education and care customer fees are based on the Act on Early Childhood Education Customer Fees (Act on Early Childhood Education and Care Customer Fees (1503/2016)). The customer fee is based on the size of the family, the need for services and gross income. A family is defined as persons living together in a common household in the married or unmarried state and their minor children living with them in the same household. A separate form is to be filled in for each child starting early childhood education and care.
