12. Principles of data protection

The storage, archiving, eradication and other processing of data are directed by the archiving plans as well as by the data security and data protection guidelines. The information electronically stored in the register is protected in such wise that only a person entitled to access and view it is allowed to do so. Each user accepts the obligation concerning the use of information and information systems as well as related confidentiality upon receiving the user rights.

13. Disclosure of personal data in the register

In accordance with the rules, information is not relinquished to others.

PRIVACY POLICY

Controller's practice of informing the data subject
- to registrant

EU General Data Protection Regulation (GDPR),
(2016/679), articles 13 and 14

Foundation of information transfer:

Consent of the cultural grant or award applicant to disclose information about the city's own activities and for co-operation with the third sector and for the use of the City's stakeholders (e.g. other societies in the same sector), not for commercial operations.

14. Register information must not be transferred to a third country or international organisation (outside the EU or European Economic Area (EEA))

15. Storage periods of personal data / storage period specification criteria

Storage is implemented in accordance with the city's archive creation plans.

16. Rights of the registrant

The registrant's rights and instructions on how to exercise them can be found at www.tampere.fi/tietosuojaselosteet as well as in the Registry office of the City of Tampere
