

Principles for a Safer Space in the Adult Education Centre of the Tampere Region

Welcome!

Each of us is unique.

Our characteristics include age, ethnic origin, nationality, language and culture, religion, beliefs, opinions, political views, family structure, gender identity, sexual orientation, health status, disability, social status, economic status, and other individual factors, such as body size or being part of the neurodivergent spectrum.

- We are polite and considerate toward everyone.
- We respect each other's self-identification and privacy.
- We give each other space. We do not disturb others by making noise, touching, or getting too close.
- We do not use offensive language or gestures.
- We can make mistakes and ask questions, because we don't expect everyone to know the same things.
- We respect others and their different values.
- We intervene in disrespectful behaviour.
