

Price list for veterinary services of the City of Tampere 1 January 2026

Fees

Example of clinic, equipment and call charges (incl. VAT 25.5%).

- clinic fee € 20.00
- clinic fee for vaccinations € 7.00
- equipment fee, ultrasound examination € 10.00
- equipment fee, X-ray examination € 20.00

If the procedure is not covered by the organising responsibility of the city services (e.g. gestational checks), a supplementary service fee of € 17.75/15 min will be added to the procedure.

Clinic and equipment fees go to the Tampere environmental health operating area. The clinic fee and all equipment fees are charged to environmental services for official and veterinary services as approved by the Regional Environmental Health Division under the Committee for City Planning and Infrastructure Services. They can be viewed at [Regional Environmental Health Division](#).

Outpatient clinic fees and any equipment fees have been added to the example prices.

VAT rates

- procedures, supplies, visit fee, clinic fee and equipment fees 25.5%
- feed preparations 13.5%
